

# Activity 2: Stories Based on Pictures

## Materials Needed:

1. Writing utensil (pen or pencil) and paper
2. A picture (either provided here or one of your own)

**Play  
Makers**

LABORATORY

*Imagined in Chicago*

How do I start my story?  
Find a picture, either on the next page or one you have at home.

Ask yourself the following questions:

What or Who is in this picture?

- Are there characters?
- Is there a setting?
- At what point in the story does this picture take place?
- What happened just before this picture was taken?

What happened right after?

Once you've written a story based on your picture that has all 6 parts of a story...

**SUBMIT YOUR STORY** for a chance for it to be turned into a picture or performance by High School students with **Catholic Extension!**
